Testimonials

"We gave Tran a blank slate for logo creation and he delivered a wonderful one right on schedule! It was all we hoped for out of the project, and Tran is very talented. He was also very helpful in the branding and color scheme, and offered his assistance in many areas that are extremely cost effective and beneficial to those on a tight schedule and budget. We could not offer higher praise for Take Time Branding!"

Skylar Nguyen
Businessman

"I had an excellent experience with Tran at Take Time Branding! Because I am not at all in the world of marketing and design, I came in with no idea of how to even take the first step in brand creation. Tran guided me with information and suggestions while still allowing me to make my own choices. The result was a brand that reflects my personality as well as the work I do. He was responsive and professional without fail."
